ANNUAL REPORT

Annual Report of Controller of Examinations

Academic Year 2016-17

The Office of Controller of Examinations has taken several initiatives to ensure fair and transparent conduct of Examinations. All precautions are being taken to minimize any error during paper-setting, moderation and printing of question paper, conduct of examination, collection and transport of answer books, coding-decoding and assessment, posting of marks on the answer books, award lists, result processing and declaration, issue of statements of marks and various certificates including the degree certificates. High level of confidentiality is maintained during the entire examination process.

The process is fully automated with various processes such as Students exam registration process, Configuration of subject codes, Issue of Application forms, Issue of Hall tickets, Hall planning, Appointment of examiners for setting of Question papers and evaluation for both theory and practical subjects, processing of Ph.D thesis for evaluation and viva-voce, compilation of marks, presentation of results analysis report before the Vice Chancellor for its approval, time-bound declaration of results, issue of marks statements and facilitate award of degree and ranks to the qualified candidates during convocation every year.

For all the theory, practical, and project courses, the semester end examination will be conducted for a maximum of 60 marks for the students admitted under the Regulations VTUR15. For seminar, internship/industrial training and industry offered courses, the semester end examination is conducted for a maximum of 100 marks. The semester end examination for theory courses shall be conducted for maximum of 60 marks on dates as mentioned in the academic calendar. It shall measure the knowledge of the students in all levels as mentioned against the respective course outcomes, in cognitive learning domain, as per the revised Bloom's taxonomy. The examination shall consist of three parts –Part A, B and C. Part A shall cover remember and understand level questions and carry 10 marks, Part B shall cover only understand level questions and consist of five questions of either or type, one from each unit, and carry 20 marks. Part C shall cover understand and above levels questions and consist of five questions of either or type, one from each unit, and carry 30 marks.

For evaluation of project works, Semester end Project Evaluation Committee (PEC) was constituted with three examiners; one member nominated by HoD, one member nominated by Vice Chancellor and project guide. For each student in a project team, the semester end evaluation for 60 marks shall be conducted on dates as mentioned in the academic calendar.
