AIVSC is most prestigious camp, organised by NCC (National Cadet Corps) Air wing, where cadets from all 1 (TN) AIR SQN NCC directorates get together to perform competitive activities. AIVSC camp was organised at Air Force Station, Tambaram, Tamil Nadu. The selection of the cadets for AIVSC is very hard. The selection of AIVSC is on the basis of studies (Special subject, Virus SOP and Health & Hygiene) and events like firing (0.22 & skeet shooting), aero modelling, drill and line area, tent pitching and parade. AIVSC conducts various competitive activities in which all cadets participate as per their enrolment. The various activities like, Conducted examination followed by study material, viva and others as mentioned. AIVSC is the well assembled camp, from 5:00 am to 10:00 pm all activities are performed as per routine. Which include morning health run, exercise, breakfast, lecture and few activities after that lunch and rest time allotted then again back to lecture, further activities like evening sports, NRC, dinner and sleep at 10:00 pm. In AIVSC camp cadets get opportunity to meet with different cultures and a very effective youth of India. The AIVSC is the pinnacle aeronautic training centre in NCC and is designed to bare the cadets to a strenuous military way of life, in addition to rousing their competitive spirits by pitting them against their peers in a number of aviation – related disciplines such as, chopper MI 17 flying, microlight flying, aero modelling, drill, skeet shooting, 0.22 firing etc. Cadets get to perform their talents in cultural night in the various form of cultural representatives and followed by prize distribution for the best performance in every aspects of competition. The chief guest was Air Commodore and Officers, cadets also interacted with DG, DDG, and ADG of NCC and had dinner with them.
