With COVID-19 transmission mainly spreading between people through direct, indirect or close contact with infected people via mouth and nose secretions, washing hands with soap and running water is of critical importance. So our event's mission is to spread awareness about why we need to do hand washing at any time.

On 05-10-2021 the NSS volunteers assembled at the music club by 8AM with posters stating about Hand Wash, and all necessary equipment for distributing the sanitizers in the college and made awareness about how hand wash plays an important role in this pandemic situation.
