

Memorandum of Understanding for institutional Co-operation

between

VEL TECH Dr.RR & Dr.SR Technical University, Chennai, India

and

Hochschule Bremerhaven, University of Applied Sciences, Germany

VEL TECH and Hochschule Bremerhaven have expressed the will and agreed to establish direct relationship aimed to:

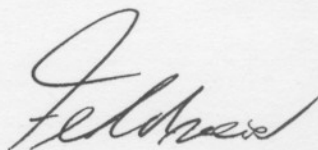

- initiate and develop the co-operation in order to jointly pursue original and applied research of mutual interest.
- co-operate in improving teaching programs and organization of the teaching process.

It is agreed that an environment for research, educational and training excellence, and a free and open exchange of ideas are goals to be co-operatively pursued in this relationship.

I.

In particular the parties agree to the following:

1. To an exchange of experience in scientific research and training of specialists.
2. To joint participation in research programs with respect to the intellectual property and in accord with regulations of the law respectively of each of the party.
3. To joint pursuit of funding from third party sources for any and all activities under this agreement.
4. To exchange the studies programs and curricula
5. To exchange lecturers and students.

II.

The parties may enter a common study and diploma system, agreed on the merits of the case between the co-operating faculties in tack with the regulations of the law.

III.

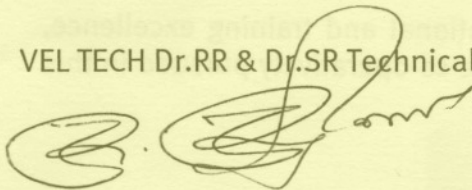

The parties agree that units (faculties) undertaking a particular task under the scope of the agreement will enter into bilateral contracts. Such contracts will specify the details of the co-operation and the amount and source of financing for given common enterprise.

IV.

The present agreement is initiated for an unlimited period of time. The agreement can be terminated by one of the parties with a notice of six month to the other party.
