

## Agreement of Cooperation Between

**Vel Tech Dr. RR & Dr. SR Technical University, Avadi, Chennai, India  
And**

**Department of Aeronautics and Astronautics,  
National Cheng Kung University, Tainan City, Taiwan**

The objective of the present Agreement is to develop academic cooperation between Vel Tech Dr. RR & Dr. SR Technical University (hereinafter referred to as Vel Tech) and Department of Aeronautics and Astronautics, NCKU (hereinafter referred to as DAA, NCKU).

Vel Tech and Department of Aeronautics and Astronautics, NCKU are at present willing to establish academic links and contacts in the area of "Exchange of Students" between the two Institutions. The program may be extended to other Departments later by mutual agreement.

### 1.0 Student Exchange Program

#### 1.1 Understanding of Terms

"Exchange Period" is defined as either one academic semester or equivalent period in which the student is registered.

"Exchange Student" is one who participates in the Exchange Program between the two Institutions and is required to pay tuition fees at the Home Institution only.

The "Home Institution" is the Institution in which the student is originally enrolled. The "Host Institution" is the Institution to which the exchange student is attached for the duration of Exchange Period.

#### 1.2 General terms and Conditions

1.2.1 The Student Exchange Program is founded on the basis of mutual reciprocity, with the intention of achieving a maximum of 4 (four) Exchange Students each way for every year. The duration of Exchange (Exchange Period) for Undergraduate students will be 4 to 6 months and for Masters students will be 6 to 9 months. However before each Exchange, the Period will be mutually agreed upon between Vel Tech and DAA, NCKU. Proposals for Exchange Students must be made in advance and agreed upon with sufficient notice to both parties. However there is no obligation on either Institution to nominate students for the Program.

1.2.2 The Home Institution will be responsible for screening and selecting students for this program, subject to acceptance by the Host Institution. The Host institution may at its discretion reject any applicant whose academic or other qualifications for participation in the program are not found to be appropriate.

1.2.3 Participating Exchange Students will continue as candidates for degrees at their Home Institution and will not be candidates for degrees at the Host institution.

1.2.4 Exchange Students will be subject to the academic rules and discipline of the Host Institution. Where applicable, the Host Institution will periodically inform the Home Institution of the academic progress of the participants in the program.

1.2.5 Round trip international travels, cost of room and board and all personal costs in the host country are the personal responsibility of each student. The Host Institution will make reasonable efforts to assist the Exchange Student to obtain housing and with other matters of hospitality, but is not obliged to provide housing or financial assistance of any kind whatsoever. However Host Institution will render advise on possible scholarships/financial support options available for such programs.

1.2.6 Exchange Students shall be responsible for obtaining their own visas and completing the required immigration formalities, and for obtaining the travel and other related documents needed to pursue studies at the Host Institution. However the Host Institution shall provide necessary support documentation like invitation/admission letters for obtaining visa.

1.2.7 If the Exchange Student voluntarily withdraws before the end of his/her program of study, it will be considered a completed exchange.

1.2.8 No monetary consideration will be exchanged between the two institutions. The host institution will waive all application, academic and administration fees normally required from international students.

1.2.9 The following modes of operation are possible under this Agreement:

[a] An Exchange Student pursuing his/her Undergraduate course from the Home Institution will undertake to do one semester course work or do his/her Major Project at the Host Institution during the final year of the Undergraduate Program.

[b] An Exchange Student pursuing his/her Masters from the Home Institution will undertake to do his/her Major Thesis at the Host Institution.

[c] The credits which are obtained in the Host Institution are transferred to Home institution to complete the total required credits for the degree.

[d] The language of instruction on both sides will be English.

### 1.3 Student Enrollment and Assessment

1.3.1 Exchange Students will be permitted to enroll in any course of the Program offered by the Host Institution, subject to admission requirements, time table and capacity constraints of the Host Institution. The students of Vel Tech will be from Aeronautical or Mechanical Engineering disciplines, and the students of NCKU will be from Department of Aeronautics and Astronautics.

1.3.2 Each Exchange Student will be required to fulfill the requirements of the proposed academic program that has been agreed in advance by the two institutions.

1.3.3 Exchange Students will obtain credits for the courses and experience in accordance with the regulations of the Home Institution. Official transcripts for each student will be sent directly to the Home Institution at the end of the program.

### 2.0 Insurance

All Exchange Students will be required to purchase adequate health (including hospitalization) insurance and accident insurance as determined by the Host Institution during the period of study and the journey back and forth between the Home and Host institutions.

### 3.0 Terms, Termination and Modification

This Agreement shall be valid for a period of 5 years from the date of its signature, and shall continue in force unless terminated by either party in accordance with the following clause:

Either party shall be entitled at any time and at its absolute discretion to terminate the Agreement by giving written notice six months beforehand to the other party. Such termination shall not affect exchange programs on hand at the time of the termination.

This Agreement maybe modified by mutual consent in writing and signed by the two parties.
