Dear Siva Satya Nanda Sujith,

Congratulations! On behalf of the admissions committee, I am pleased to extend you an offer of admission to New York Institute of Technology. You have been admitted as a graduate degree candidate in the Master of Science in Data Science program at our Long Island (Old Westbury, NY) campus beginning in the Fall 2021 semester. I am pleased to congratulate you on this fine achievement!

Siva Satya Nanda Sujith, you should be quite proud of your accomplishments so far. When you join us at New York Tech, you'll find a challenging, career-oriented curriculum that will encourage you to develop critical skills and give you hands-on experiences inside and outside of the classroom.

I know you'll be pleased as part of the New York Tech community...not only while you're a student, but when you graduate as well. Your professors will act as your mentors while encouraging active learning and collaborative work environments in the classroom. You'll also have the opportunity to connect with thousands of students from different cultures and majors. With access to a professional network of 100,000 alumni around the world, you will gain experience by networking and participating in cutting-edge research and real-world projects.

Of course, you will need to keep up the good work. This offer of admission is contingent upon successful completion of any academic work still in progress.

Prior to the start of your first semester, please remember to submit final, official transcripts showing proof of degree and any required test scores to the Office of Admissions. If these documents are not in English, you must provide an official English translation through World Education Services (WES), Global Language Services, SpanTran Evaluation Services, or other recognized evaluation agencies. An official evaluation that includes copies of your transcripts or mark sheets is acceptable. You will not be allowed to continue beyond your first semester if these documents are not received.

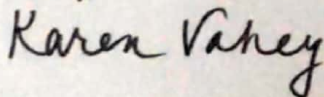

Any additional conditions and requirements are listed on the next page of this letter.

We are looking forward to you joining our newest class! Please accept our offer of admission within four weeks from the date of this letter and secure your place. Please visit nyit.edu/welcome for information about your next steps, as well as instructions for you to submit your \$500 nonrefundable tuition deposit online.

If you have any questions about your acceptance to the Master of Science in Data Science program, please email us at nyitgrad@nyit.edu or call us at 1.516.686.7520 with questions about your admission or any other issues that will help you choose New York Tech as your new home.

Congratulations again! I look forward to personally welcoming you to campus this Fall 2021 semester.

Sincerely,

Karen Vahey, Ed.D.
Dean of Admissions and Financial Aid
