Submitted for the Approval

Sir,

19 September 2016

Sub : DoME –Workshop on Biofuels and Combustion Research – approval requested – reg.

National Institute of Technology, Tiruchirappalli, is organising a workshop on Biofuels and Combustion Research from 26-09-16 to 01-10-16. Since I am specialised in the field of Thermal Engineering, this workshop will help me ^{to} update my knowledge base in the field of biofuels and combustion. I wish to attend the programme. I request you the following:

1. Give your approval to attend the workshop
2. Approve special leave for the above mentioned period
3. Sanction a fee of Rs 2000/- (including Rs.660/- as registration fee, Rs.1200/- as to and fro travel charges and Rs.140/- as miscellaneous expenses)

The filled registration form for the above mentioned workshop is attached with this letter for your reference and approval.

Submitted for approval.

QUALITY IMPROVEMENT PROGRAM - II

GOVERNMENT OF INDIA

COORDINATORS

Dr. V. ARUL MOZHI SELVAN
Dr. R. ANAND

DEPT. OF MECHANICAL ENGG.
NATIONAL INSTITUTE OF TECHNOLOGY
TIRUCHIRAPPALLI - 620 015

OBJECTIVE:

The ever increasing crude oil prices and the alarming environmental crisis, use of alternative fuels is no longer a matter of future: it is a realistic issue of present. Conventional fuel sources are getting a lot harder to extract and the environment is also being heavily polluted by emissions produced by burning petroleum products. It's time now to reduce degrading the environment further and the obvious way ahead is through use of alternative fuels and after-treatment devices. Addressing these issues, this program is designed to give an in-depth analysis of present and future biofuels and its combustion, pollutant formation and control.

COURSE CONTENT:

- Biofuel sources and production techniques
- Role of catalysts on biofuel production
- Upgradation of biofuel and economics
- Biodiesel production and optimization
- Fuel property modifications
- Alternate fuels for IC Engines
- Combustion in SI & CI Engines
- Chemical and combustion kinetics
- Flow simulation studies using CFD
- Optimization studies using DOE/ANN
- Pollutant formation & Control
- Emission standards and measurement
- Instrumentation for engine research
- Visit to Fuels / Engine Research Laboratory

FACULTY:

The contents of the course will be delivered by faculty drawn from the Institutes of National Importance (IISc/IIT/NIT) and Industry.

COURSE MATERIAL:

Course materials will be given to all the participants.

ELIGIBILITY:

Teachers/Researchers from degree level technical Institutions and R&D establishments are eligible to attend the program.

SELECTION PROCEDURE:

First come first served basis limited to 40 only.

TRAVELING ALLOWANCE:

No Traveling allowance will be paid to the participants.

BOARDING AND LODGING:

Boarding and Lodging will be arranged in the Institute Guest House / Hostel subject to the availability for the outstation participants upon request. However, food and snacks will be given for all the participants.

HOW TO APPLY?

Completed applications in the format enclosed and duly sponsored along with a non-refundable Registration fee of Rs.660/- (Rupees Six hundred and Sixty only) drawn in favour of "The Director, National Institute of Technology, Tiruchirappalli - 620 015" payable at State Bank of India, NIT, Tiruchirappalli may be forwarded to the Coordinator so as to reach NOT later than 22.09.2016. Candidates provisionally selected will be intimated by 23.09.2016. All further communications will be sent through only by email. The application can also be downloaded from our web site: www.nitt.edu

HOW TO REACH NIT-T:

NIT-T is located on the Tiruchirappalli - Tanjore highway (NH-67) about 23 km from Tiruchirappalli railway station. One can avail Bus No.128 or Tanjore bound buses from the Central Bus Stand (CBS) or city buses from Chathiram bus stand.

Important Dates to Remember:

Last date for receiving the applications : 22.09.2016
Date of selection (by email only) : 23.09.2016
