

## **Dear Pre-Final & Second Year students,**

**National Tsing Hua University** has begun accepting applications for the Summer Research Program 2020.

Ranked within **Top 200** in QS World University Rankings, National Tsing Hua University is considered as one of Taiwan's most prestigious research Universities, and is widely known as an incubator for future leaders, with prominent alumni including three Nobel Laureates.

**NTHU is a partner university of Vel Tech.**

### **Summary:**

NTHU Summer Research Program will be a two-month research experience under the guidance of a faculty advisor from College of Engineering. Each participant will working collaboratively with their advisor on an on-going research project or a new project of mutual interests.

The program offers a great opportunity with the mixture of cultural experiences, academic achievements, and social outings.

During the two-month program, you will work along with local students on conducting research projects. This program also arranges a field trip of places around Taiwan. Join this summer and meet fellow participants around the world.

### **Apply for: NTHU Summer Research Program 2020**

#### **1. Internship Duration:**

\* June 19- August 21, 2020 (fixed)

#### **2. Eligibility:**

\* Mech, ECE, Bio-Medical (2nd & 3rd Year)

#### **3. Application Deadline:**

\* January 10, 2020

#### **4. Required documents:** (All Documents in ONE single PDF file)

- \* CV
- \* Statement of Purpose
- \* Transcripts
- \* Optional Supporting Documents (ex: letters of recommendation, examples of written work, etc.)

#### **5. Stipends & Benefits:**

\* Summer Research Program is tuition-free.

\* A limited number of Global Engineer Leadership (GEL) scholarship with subsidized round trip airline tickets up to NTD 15,000 (~INR 35,000) and free accommodation at university residence hall.

\* 1 day Field Trip at the end of June or Beginning of July

## **6. Information on departments & faculties under College of Engineering:**

Applicants will be accepted to one of the six disciplines under College of Engineering that best match their interest of study.

\* Chemical Engineering

\* Power Mechanical Engineering

\* Materials Science Engineering

\* Industrial Engineering and Engineering Management

\* Nanoengineering and Microsystems

\* Biomedical Engineering
