ABOUT THE INSTITUTION

Vel Tech offers UG, PG and Ph.D. programmes in both Engineering and Management. The Institution has made distinctive progress since the founding in 1997, by adopting the unique and trending educational methodologies. Vel Tech is the first member from India to be part of CDIO, an innovative educational framework for producing the next generation of engineers. Vel Tech has been recognised as the Best Engineering Institution and ranked as First in India and 74th in the world by Times Higher Education World Young University Ranking 2016-2017 and 43rd in Asia by Times Higher Education Asia University Ranking 2017. The TBI(Technology Business Incubator) of Vel Tech is recognized as the Center of Excellence under NIDHI by the Government of India.

ABOUT THE SCHOOL

The School of Mechanical and Construction is one of the pioneering School with 4 departments such as Mechanical, Automobile, Aeronautical and Civil. The Prime focus of the School is to:

- Impart progressive and Quality learning techniques
- Encourage Research and projects that contribute to active learning
- Leverage International collaborations and Industry Integration to deliver global exposure.
- Students of the School consistently participate and win awards in International Events.
- Students & faculty work on cutting edge projects in MBDA missile system, ISRO, Ashok Leyland and Bosh.

ABOUT THE DEPARTMENT

The Department of Civil Engineering was established in 2009 with an aim of promoting high quality education. The academic activities of the department emphasizes deep understanding of fundamental principles, creative ability to handle the challenges and the analytical ability to solve the problems of civil and interdisciplinary domains. The Department currently offers two B. Tech programmes in Civil Engineering (collaborated with National Ilan University, Taiwan) and Civionics, and four M. Tech programme in Structural Engineering, Construction Engineering and Management, Environmental Engineering and Geotechnical Engineering. The department also offers Ph.D. programmes in all areas. The department has well experienced faculty members with Ph. Ds and also members in various professional societies. The department is doing many consultancy and Research works.

ABOUT THE CONFERENCE

ICGECSD-18 offers a unique opportunity to all students, researchers and practicing engineers to share their advances and knowledge in global environmental changes and sustainable development in Civil Engineering. ICGECSD-18 provides an excellent platform for academicians, researchers and industrialist to discuss various issues in civil engineering. This conference will facilitate in fostering close relationship among researchers and facilitate for strengthening their domain knowledge and field of research.

PAPER SUBMISSION

The soft copy of the manuscripts (pdf file) shall be submitted through email at icgecsd@veltech.edu.in.

AUTHOR INSTRUCTIONS

The full length research manuscripts should not exceed eight pages and prepared in IEEE double column format. Further the manuscripts should contain the name of the corresponding author with e-mail id, mobile no. and affiliation of authors.

The manuscripts should contribute original research ideas, development areas, result analysis, research based finding, etc. the manuscript should not have under-gone reviews for any publication earlier.

The authors are requested to mention their domain name in the first page of paper.

PROCEEDINGS

The accepted and registered manuscripts after review will be published in the conferences proceedings with ISBN Number.

Depending upon the recommendations received from the reviewers the papers will be published in recommended journal.
