About the Institute

Vel Tech is well-known for its renowned educational practices, which has been recognized and endowed with several awards. The founders of the Institution, Col. Prof. Vel. Dr. R. Rangarajan, Chancellor & Founder President and Dr. Sagunthala Rangarajan Foundress President believe in Education for All despite their financial means which will promote and uplift the society. In accord to their vision, Vel Tech Mahatma Gandhi Scholarship scheme was started and has supported students since the inception. Vel Tech has bestowed 9500 scholarships worth approximately Rs. 35 Crore until 2019.

About the Department

The Department of Civil Engineering started in the year 2009, offers B.Tech. Programme, M.Tech. Programme, Research and Consultancy. The P.G. Programme has four disciplines; Structural Engineering, Environmental Engineering, Construction Engineering and Management and Geotechnical Engineering which are industry oriented. The Department has 33 Faculty Members (most of them with Ph.D. qualifications) augmented with many visiting professors from reputed Institutions like IITs, NITs and International Universities. The department has been accredited by NBA for 3 years, effective from 2018. Most of the faculty members are fellow and member of professional bodies in various fields of Civil Engineering covering the areas of concrete, soil mechanics, water resources, remote sensing, etc. Faculty members and Students continuously update their knowledge by attending training programmes at IITs, IISc and other premier Institutions. Active participation of the faculty members in research, consultancy services & sponsored research activities helps them to interact with industries and demonstrate the application of concepts in field and improve the teaching learning activities of the department.

About the Conference

The Two-Day International Conference on Novel Innovations and Sustainable Development in Civil Engineering (NISDCE'20) aims to confabulate the endurance of structures and innovative ideas for the sustainable development of civil infrastructure projects. Eminent Professors from various Universities from India and abroad will deliberate at different themes. The conference invites innovative, economic, environmental and social measures which are need of the hour for the development of the New India.

Call for Papers

The conference provides a platform for professionals, scientists, academicians, researchers, students, industrialists, as well as builders to disseminate the information on various aspects related to the Conference themes.

CONFERENCE THEMES

- Structural Health Monitoring
- Composite Structures
- Light Weight Structures
- Reclaimed Building Materials
- Advancements in Construction Techniques and Materials
- Construction Management
- 3-D Printing
- Earthquake Engineering
- Earthquake Geotechnics
- Transportation Engineering
- Pavement Geotechnics
- Soil Behaviour
- Soil Reclamation
- Foundation Engineering
- Ground Improvement Techniques
- Application of Remote Sensing and GIS
- Asset Mapping
- Water Resources and Water Quality Management
- Advanced Water and Wastewater Treatment
- Prevention of Ground Water Contamination
- Rain Water Harvesting
- Solid and Hazardous Waste Management
- Assessment and Control of Air Pollution

Any other original research articles, case studies, etc., in the field of Civil Engineering are cordially invited.

Important Dates

Submission of Abstract	16 th March 2020
Intimation of Acceptance of Abstract	18 th March 2020
Submission of Full Length Paper (as per the Format)	20 th March 2020
Last Date for Registration	24 th March 2020

Abstract shall be sent to nisdce@veltech.edu.in as per the template in the website <https://www.veltech.edu.in/icnisd-2020/>

Journal Publication

Peer reviewed selected papers will be published in any one of the following SCOPUS Indexed Journals based on the author's interest on chargeable basis:

- Civil Engineering and Architecture
- Universal Journal of Educational Research
- Test Engineering & Management
- Journal of Advanced Research in Dynamical and Control Systems
- Journal of Critical Reviews

Keynote Speakers

Dr. Raju Aedla

Research Scientist, Kumamoto University, Japan.

Dr. Huang Longmao

Professor, Xiamen University, Taiwan.

Dr. A. R. Santhakumar

Emeritus Professor, IITM and Former Dean of Civil Engg., Anna University, Chennai.

Dr. D. V. Reddy

Former Professor, National Institute of Technology, Warangal, Telangana.

Dr. N. Ganesan

Former Professor, National Institute of Technology, Calicut, Kerala.

Dr. G. Appa Rao

Professor, Indian Institute of Technology Madras, Chennai.

Dr. R. Senthil

Professor & Head of the Structural Engineering Division, Anna University, Chennai.

Dr. K. S. Satyanarayanan

Professor & Head, Dept. of Civil Engg., SRM Institute of S & T, Kattankulathur, Chennai.
