

Dear Students,

Fully Funded Summer Research Internship in Austria!

At [Institute of Science and Technology \(IST\), Austria](#) (Established by an Austrian Government)

[IST Austria](#) ranked **No. 3** among the [world's best research institutions](#), one rank behind the Weizmann Institute (Israel) which is ranked 2nd.

In IST Austria, scientists are encouraged to pursue their own goals and ideas not restricted by government or economic interest and all research themes are interdisciplinary.

Summary

The [ISTernship](#) (“IST-” + “(int)ernship”) is a summer internship program for bachelor’s and master’s students who are looking to expand their scientific research experience.

Students who are interested in basic research in the fields of biology, computer science, data science, mathematics, physics, neuroscience and interdisciplinary areas, are encouraged to apply.
