Dear Students,

There's no better way to learn than on-the-job. When that Job/ Internship happens to be in a world-famous organisation and centre of scientific excellence, even better.

CERN, the European Organization for Nuclear Research, established in 1954 is one of the world's largest and most respected centers for scientific research that operates the largest particle physics laboratory in the world. Its business is fundamental physics, finding out what the Universe is made of and how it works. CERN has 23 member states and India is an associate member state. CERN is an official United Nations Observer.

CERN is also the birthplace of the World Wide Web and Higgs Boson particle, the so called "God Particle".

Seven years after the discovery of the Higgs Boson particle, the world's biggest science experiment is still seeking to unlock the mysteries of our universe.

Do you want to indulge yourself in the workplace where the mysteries of Universe are unlocked?

Imagine getting involved in work that is changing the world and imagine doing it before you've left Vel Tech.

Apply for **"CERN Technical Student Programme"**

1. Internship Duration: July 2020 to June 2021 (6 months to 1 year)

Note: Internship start date is flexible (Ex. Start date can be after Intensive Semester)

2. Eligibility:

* All UG Dept's (3rd Year) & PG Dept's (1st Year) except Bio-Tech and Bio Med

3. Application Deadline:

* March 25, 2020

4. Required documents:

* CV, Statement of purpose, Transcripts, 2 Reference Letters

5. Stipends & Benefits:

* A contract of association from 4 to 12 months.

2. You may upload the reference letter yourself, whilst submitting your application, or through your referee via the link you will receive shortly after submitting your application.

Internship link: https://careers.smartrecruiters.com/CERN/tech

A few tips...

* Ensure your CV is complete with all skills and experience that make you stand out as a candidate.

* Be as clear and specific as possible in the application fields "Education" and "Experience" in order to increase your chances of being selected.

* If you apply to more than one job, you will need to upload the documents for each application you submit.

Still thinking about "Should I try".....

If not you, then who?   If not now, then when?
