17	AMENDMENTS TO REGULATIONS	32

1. SHORT TITLE AND COMMENCEMENT

- a) The regulations here under are common for Post graduate level Engineering Degree programmes (Academic Programme and Industry Collaborated Programme) - M.Tech. offered by Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology (Deemed to be University u/s 3 of UGC act, 1956) with effect from the academic year 2016-17 and they are called “MTECH-R16” regulations.
- b) The regulations here under are subject to amendments as may be made by the Academic Council of the University from time to time, keeping the recommendations of the Board of Studies (BOS) in view. Any or all such amendments shall be effective from such date and to such batches of students including those already undergoing the programme, as may be decided by the Academic Council.

2. DEFINITIONS

- a) “Commission” means University Grants Commission (UGC)
- b) “Council” means All India Council for Technical Education (AICTE)
- c) “University” means Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology
- d) “Programme” means cohesive arrangement of courses, co-curricular and extra-curricular activities to accomplish predetermined objectives leading to the award of a degree.
- e) “Course” means a unit of teaching, which encompasses various topics, that typically lasts one semester, is led by one or more faculty and has a fixed set of registered students.
- f) “Degree” means an academic degree conferred by the

University upon those who complete the postgraduate programme successfully.

- g) “Regular Students” means students enrolled into the two year programme in the first year
- h) “Academic Year” means constituting of two consecutive (one odd + one even) semesters.
- i) “Choice Based Credit System (CBCS)” means providing choice for students to select courses from the prescribed course categories (foundation courses, programme core, programme elective, Independent learning) in the preferred semester complying prerequisites and based on their learning aptitudes.

3. PROGRAMMES

3.1 Academic Programme

Academic Programme means a programme designed, developed and delivered in consultation with relevant Industry, Research Organizations and Academia.

3.2 Industry Collaborated Programme

Industry Collaborated Programme means programme designed, developed and delivered in close collaboration with the industry/ Research partner in the subject area of their expertise, in addition to the academic programme.

3.3 Nomenclature of Programmes

- 3.3.1 The nomenclature and its abbreviation given below shall continue to be used for the degree programmes under the University, as required by the Council and the Commission.

Master of Technology shall be abbreviated as M.Tech. Besides, the name of the programme shall be indicated in parenthesis after the abbreviation. For example

- a) Postgraduate (PG) engineering degree academic programme in Structural Engineering shall be mentioned as

Master of Technology (M.Tech.)
in
Structural Engineering

- b) Postgraduate (PG) engineering degree industry collaborated programme in collaboration with Automotive Research Association of India (ARAI) shall be mentioned as

Master of Technology (M.Tech.)
in
IC Engines
in collaboration with Automotive Research Association of
India (ARAI).

3.3.2 Master of Technology (M. Tech.) degree programmes are offered in various subject areas by different departments as shown in Table 1.

Table 1. Illustrative list of M.Tech. degree programmes offered by different departments

S.No.	Department offering the Programme	Programme Name
1	Automobile Engineering	IC Engines
2	Civil Engineering	Structural Engineering
3	Computer Science and Engineering	Computer Science and Engineering

4	Electronics and Communication Engineering	VLSI Design & Embedded Systems
5	Electrical and Electronics Engineering	Power Electronics
6	Information Technology	Network Engineering
7	Mechanical Engineering	Machine Design

If the university on the recommendation of Academic Council offers any other new programme(s) or modify the existing programme(s), the same regulations shall be applicable.

4. DURATION OF THE PROGRAMME

4.1 Minimum Duration of the Programme

4.1.1 The minimum duration of the programme for regular students shall be two years consisting of four semesters.

4.2 Maximum Duration of the Programme

The maximum duration which a student can take to complete a programme shall be as follows for students admitted from 2016 - 17 academic year onwards:

- a) Maximum duration = N+2 years, where N stands for the minimum duration (In Years) prescribed for completion of the programme.*
- b) Under any exceptional circumstance, a further extension of one more year may be granted subject to approval of Vice-chancellor for the requisition made by the student.*
- c) During the extended period (beyond maximum duration) the student shall be considered as a private candidate and also not eligible for first class.*

4.3 Minimum Duration of a Semester

Each semester consists of a minimum of 90 instructional days as per the guidelines of Commission and Council.

5. ADMISSION CRITERIA

The eligibility criteria for admission into PG programmes are as per the norms of Commission, Council and Board of Management framed from time to time.

6. CREDIT SYSTEM AND GRADE POINTS

6.1 Credit Definition

A credit is the unit by which the course work is measured. It determines the number of contact hours of instructions required per week. One credit is equivalent to one contact hour of lecturing or two contact hours of practical work/tutorial/field work per week.

6.2 Credit Structure

A typical credit structure for course work (M.Tech Programme) based on the above definition is given in Table 2.

Table 2. Typical credit allocation scheme for courses

Lecture (L)	Tutorial (T)	Practical (P)	Total Contact Hours	Total Credits (C)
4	-	-	4	4
3	2	-	5	4
3	-	2	5	4
2	-	4	6	4
3	-	-	3	3
2	2	-	4	3

2	-	2	4	3
1	-	4	5	3
2	-	-	-	2
-	-	4	4	2
1	-	-	1	1
-	-	2	2	1

6.3 Course Registration

6.3.1 The student shall register and withdraw the courses at least five working days before and after the commencement of the academic semester, respectively. The dates for registration and withdrawal shall be mentioned in the academic calendar. Maximum number of students allowed to register for a course shall be indicated against each course.

6.3.1.1 The student is eligible to register a course if he/she fulfills the eligibility requirement of pre-requisite course.

6.4 Grade Points and Letter Grade for a Course

The grade point and letter grade shall be awarded to student in each course based on his/her performance as per the grading system shown in Table 3.

Table 3. Grade points and letter grade scheme for a course

Range of Marks	Letter Grade	Grade Point
90-100	S	10
80-89	A	9
70-79	B	8
60-69	C	7
50-59	D	6

00-49	RA	0
Absent	AB	0

6.5 Semester Grade Points Average (SGPA)

It is a measure of performance of work done in a semester. It is the ratio of sum of product of credit and grade point earned by a student in various courses in a semester and the sum of the credits earned in that semester. It shall be expressed up to two decimal places and shall be computed using the formula given below.

$$SGPA = \frac{\sum_{i=1}^n C_i G_i}{\sum_{i=1}^n C_i}$$

where C_i denotes the credit earned in the i th course,

n is the number of courses through which credits earned by a student in a semester and

G_i is the Grade Points secured by a student in the i th course.

SGPA shall be mentioned in the grade sheet as per the format below.

Total credits registered in a semester	Total credits earned in a semester	SGPA
---	---------------------------------------	------

6.6 Cumulative Grade Point Average (CGPA)

6.6.1 It is a measure of cumulative performance of a student in a programme. The CGPA is the ratio of sum of product of credit and grade point earned by a student in various courses in all the semesters and total credits earned in all the semesters. It shall be expressed up to two decimal places and shall be computed using the formula given below.

$$CGPA = \frac{\sum_{i=1}^m C_i G_i}{\sum_{i=1}^m C_i}$$

where C_i denotes the credit earned in the i th course,

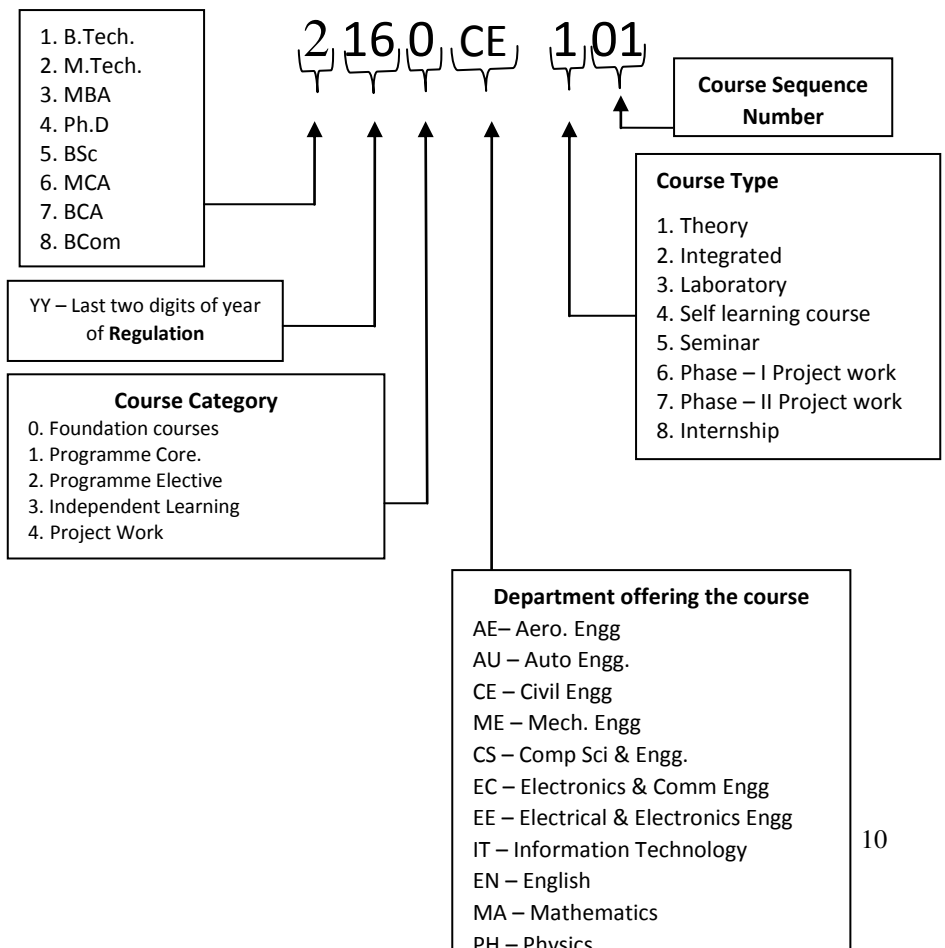

m is the number of courses through which credits earned by a student in all the semesters and

G_i is the Grade Points secured by a student in the i th course.

6.6.2 The CGPA shall be calculated as per section 6.6.1, considering the courses selected by the students, satisfying the prescribed norms in Section 13.1.

6.7 Course Numbering Scheme

The course number consists of digits/alphabets. A typical course number is illustrated below.

6.8 Programme Code

1. If the university on the recommendation of Academic Council offers any other new programme(s) in a department, the programme(s) shall be given programme code by the office of Director Academics as shown in Table 4.
2. Department should always identify the programme with programme code in all its communication.

Table 4. Typical programme code allocation for different programmes

Programme Code	Programme Name	Name of the Industry Collaborated with the Programme
P001	Computer Science and Engineering	Nil
P002	VLSI Design & Embedded Systems	Centre for Development of Advanced Computing
P003	Network Engineering	Nil
P004	Power Electronics	Nil
P005	IC Engines	Automotive Research Association of India
P006	Machine Design	Nil
P007	Structural Engineering	Nil

7. CURRICULUM FRAMEWORK

7.1 Preamble

- 7.1.1 Curriculum framework is important in setting the right direction for a Degree programme as it takes into account the type and quantum of knowledge, skills and attitude necessary to be acquired by a student to qualify for an award in his/her chosen programme.
- 7.1.2 Besides, this also helps in assigning the credits for each course, sequencing the courses, and finally arriving at the total number of courses to be studied, and the total number of credits to be earned by a student to fulfill the requirements for the award of the degree.
- 7.1.3 Generally each theory course shall consist of five units.

7.2 Programme Structure

The programme structure is designed in such a way that it facilitates the courses required to attain the expected knowledge, skills and attitude by the time of their graduation as per the needs of the stakeholders and Graduate Attributes of National Board of Accreditation (NBA), New Delhi. The programme structure consists of various course categories (as described in Sections 7.2.1 to 7.2.5) to cover the depth and breadth required for the programme and for the attainment of programme outcomes of the corresponding programme. The curriculum shall satisfy the programme specific criteria recommended by professional bodies of the respective programme. Courses shall be offered under various categories as explained below, among which only programme core and programme elective courses shall have flexible credits while other courses shall have same fixed credits.

7.2.1 *Foundation Courses*

Foundation courses enhance the knowledge, skills and attitude of PG engineering graduates of all programmes to the expected level. All the students shall undergo applied mathematics and statistics course under this category. However, if the BOS recommends any other specific course which covers the mathematics required for a specific programme, Vice Chancellor may consider the same.

7.2.2 *Programme Core Courses*

Programme core consists of set of courses considered necessary for the students of the specific programme. The courses and their contents under this category should satisfy the programme specific criteria prescribed by the appropriate professional societies.

7.2.3 *Programme Electives*

Programme electives are the courses offered in the programme which covers depth and breadth to further strengthen the programme specific knowledge. The students shall register for appropriate electives offered in the programme based on their area of interest.

7.2.4 *Independent Learning*

The students are expected to learn the courses offered under this category on their own.

7.2.4.1 *Massive Open Online Course*

The Massive Open Online Course (MOOC) shall be taken from the list of approved MOOCs in the respective Board of Studies. Students shall earn a minimum of two credits from these courses.

7.2.4.2 Research Seminar/Field Study/Internship

The student shall earn two credits either through research seminar or field study or Internship.

1. Research seminar, which carries two credits, shall be delivered by individual student in a semester. The seminar topics shall be related to the contemporary research in the major areas pertaining to the programme and approved by the Seminar Review Committee (SRC).
2. The students shall undergo field study/Internship in the industry/higher learning institute approved by the office of Industry Relations during any time after the first semester and shall earn a minimum of two credits.

7.2.4.3 Technical Writing Tools/Business English

The students enrolled in Academic Programme/Industry Collaborated Programme shall choose Technical Writing Tools/Business English course accordingly and shall earn a minimum of two credits.

7.2.4.4 Research Methodology

The students shall undergo this independent learning course and earn a minimum of two credits.

7.2.5 Project Work

- a) Project Work Phase I, which carries 10 credits, shall be carried out by the student for a minimum period of six months. The project work phase - I shall be carried out in the major areas pertaining to the programme approved by the Project Review Committee (PRC) and may address societal problems/issues

related to the programme. In order to register for project work phase - I, the student shall earn 28 credits.

- b) Project Work Phase-II, which carries 16 credits is a continuation of project work phase - I, shall be carried out by the student for a minimum period of six months. The student shall register for project work phase - II if he/she has earned the credits for Phase - I.

7.3 Minimum Credits Required in Various Course Categories

The students shall earn credits in various course categories as indicated in Table 5.

Table 5. Programme structure and Minimum credits required in course categories

Section Number	Course Category	Minimum Credits Required
7.2.1	Foundation courses	4
7.2.2	Programme core	30
7.2.3	Programme elective	12
7.2.4	Independent Learning	8
7.2.5	Project work	26
Total		80

7.4 Medium of Instruction and Examination

The medium of instruction and examination is English.

8. EXAMINATIONS AND SCHEME OF EVALUATION

8.1 Description

- 8.1.1 Continuous Evaluation (CE) shall be conducted by the course handling faculty/course coordinator all through the semester; it includes midterm tests, assignments, projects and other means

covering the entire syllabus/all the course outcomes.

- 8.1.2 Semester End Examination (SE) shall be conducted by the Controller of Examinations at the end of a semester as per the academic calendar and it includes a written examination for theory courses, and practical examination with viva voce for laboratory courses/project work.

8.2 Scheme of Continuous Evaluation

8.2.1 Theory courses

Courses with contact hours only for the lecture or lecture and tutorial are considered as theory courses.

- 8.2.1.1 For all the theory courses, the continuous evaluation shall be for a maximum of 40 marks consisting of two mid-term tests and assignments/projects/seminars. The tests shall be conducted on the dates mentioned in the academic calendar and assignments/projects/seminars submission dates shall be given by the course faculty.

- 8.2.1.2 There shall be two mid-term tests each carrying 20 marks. Two-third of the best mid-term test mark and one-third of the other mid-term test mark shall be considered for continuous evaluation. It shall measure the knowledge and skills of the students in all levels as mentioned against the respective course outcomes, in cognitive learning domain as per the revised Bloom's taxonomy. The test shall consist of two parts – Part A and Part B. Part A shall cover remember and understand level questions and carry five marks. Part B shall cover understand and above levels questions as mentioned against the respective course outcomes and it shall

consist of four questions each carrying five marks, out of which students shall answer any three questions.

8.2.1.3 There shall be assignments/projects/seminars decided by the course handling faculty for twenty marks. It shall measure the knowledge of the students in apply and above levels, in cognitive learning domain as per the revised Bloom's taxonomy. The twenty marks shall be awarded as per the rubric prepared by the course handling faculty and shall be informed to the students well in advance before the evaluation.

8.2.2 Laboratory courses

Courses with contact hours only for practice or practice cum tutorial are considered as laboratory courses.

For all the laboratory courses, the continuous evaluation shall be for a maximum of 40 marks consisting of student's performance in each laboratory session and model test.

8.2.2.1 For each experiment in a laboratory course, maximum of 15 marks shall be awarded as per the rubrics shown in the Table 6. The average of all the experiment marks shall be considered for continuous assessment. The rubric shall be informed to the students well in advance before the evaluation.

Table 6. Rubrics for evaluation of laboratory experiment

Performance in conducting experiment (5)	Result and analysis (3)	Viva Voce (3)	Record (4)
---	------------------------------	--------------------	---------------

8.2.2.2 In each laboratory course, model laboratory test shall be conducted for maximum of 25 marks on appropriate dates as

mentioned in the academic calendar. A rubric, prepared considering the performance indicators given in Table 7, shall be informed to the students well in advance before the evaluation.

Table 7. Rubrics for evaluation of model laboratory test experiment

Performance in conducting experiment (15)	Result and analysis (5)	Viva Voce (5)
--	----------------------------	-------------------

8.2.3 Integrated Courses

Courses with contact hours of lecture and practice are considered as integrated courses.

8.2.3.1 For the integrated courses which have more than 50% credit contribution from lecture classes, the continuous evaluation shall be for a minimum of 40 marks consisting of two mid-term tests and one practical test. The tests shall be conducted on the dates mentioned in the academic calendar and assignment submission dates shall be given by the course faculty.

Mid-term Tests: There shall be two mid-term tests each carrying 20 marks. Two-third of the best mid-term test mark and one-third of the other mid-term test mark shall be considered for continuous evaluation. It shall measure the knowledge and skills of the students in all levels as mentioned against the respective course outcomes, in cognitive learning domain as per the revised Bloom's taxonomy. The test shall consist of two parts – Part A and Part B. Part A shall cover remember and understand level questions and carry five marks. Part B shall cover understand and above levels questions as mentioned against the respective course outcomes and it shall consist of four questions each

carrying five marks, out of which students shall answer any three questions.

Practical Test: A practical test shall be conducted for maximum of 20 marks on appropriate date as mentioned in the academic calendar. A rubric, prepared considering the performance indicators given in Table 8, shall be informed to the students well in advance before the evaluation.

Table 8. Rubrics for evaluation of model practical test for theory dominated integrated course

Performance in conducting experiment (5)	Result and analysis (5)	Viva Voce (5)	Record (5)
---	----------------------------	--------------------	---------------

8.2.3.2 For the integrated courses which have more than 50% credit contribution from practical classes, the continuous evaluation shall be for a maximum of 40 marks consisting of students' performance in each laboratory session and model test as mentioned in Section 8.2.2.

8.2.4 Project Work

For project work, Head of the department shall constitute the Project Review Committee (PRC) consisting of two faculty members with diversified specializations and the project guide. Continuous evaluation for 40 marks shall be done as given in Table 9.

Table 9. Continuous assessment scheme for project work

Review I	Review II	Assessment by Project Guide	Total
10 Marks	15 Marks	15 Marks	40 Marks

Rubrics shall be prepared by Project Review Committee using appropriate performance indicators for Review I and II separately and informed to the students well in advance. Average marks of Project Review Committee members shall be scaled to 10 marks for Review I and 15 marks for Review II. Separate Rubrics shall also be prepared by the individual project guide with appropriate performance indicators based on the nature of the project work and shall be approved by the PRC. Project guide shall evaluate for maximum of 15 marks during the entire project period.

8.3 Scheme of Semester End Examination

8.3.1 For all the theory, practical, and project courses, the semester end examination shall be for a maximum of 60 marks. For independent learning and industry offered courses, the semester end examination shall be for a maximum of 100 marks.

8.3.2 The semester end examination for theory courses shall be conducted for maximum of 60 marks on dates as mentioned in the academic calendar. It shall measure the knowledge and skills of the students in all levels as mentioned against the respective course outcomes, in cognitive learning domain, as per the revised Bloom's taxonomy. The examination shall consist of three parts – Part A, B and C.

- Part A shall cover remember and understand level questions and carry 10 marks.
- Part B shall cover only understand level questions and consist of five questions of either or type, one from each unit, and carry 20 marks.

- Part C shall cover understand and above levels questions and consist of five questions of either or type, one from each unit, and carry 30 marks.

The questions in Part A, Part B and Part C shall evenly address all the course outcomes.

However, a different pattern of question paper can be recommended by the BOS to meet the course specific requirement to the Vice-Chancellor.[Amended as per the 22nd Academic Council Meeting Item 22.5]

- 8.3.3 The semester end examination for laboratory courses shall be conducted for maximum of 60 marks on appropriate dates as mentioned in the academic calendar and shall be evaluated as per the rubrics given in Table 10.

Table 10. Rubrics for evaluation of semester end laboratory examination

Performance in conducting experiment (30)	Result and analysis (20)	Viva Voce (10)
---	--------------------------------	--------------------

- 8.3.4 For the integrated courses which have more than 50% credit contribution from lecture classes, the semester end examination shall be conducted for a maximum of 60 marks as same as for theory courses.
- 8.3.5 For the integrated courses which have more than 50% credit contribution from practical classes, the semester end examination shall be conducted for a maximum of 60 marks on appropriate dates as mentioned in the academic calendar. Rubrics, prepared for model test, shall be used with proper scaling based on mark distribution as given in Table 11.

Table 11. Rubrics for evaluation of semester end laboratory examination in practical dominated course

Part-A	Part-B		
Theory questions to evaluate the knowledge and understanding (20)	Performance in conducting experiment (25)	Result and analysis (10)	Viva-Voce (5)

- 8.3.6 For semester end evaluation of project work, Project Evaluation Committee (PEC) shall be constituted with three examiners; one member from PRC (Section 8.2.4) nominated by HoD, one member nominated by VC and project guide. For each student in a project team, the semester end evaluation for 60 marks shall be conducted on dates as mentioned in the academic calendar. Separate Rubrics shall be prepared and made available for semester end project evaluation. Average marks of Project Evaluation Committee members shall be scaled to 60 marks.
- 8.3.7 For evaluation of research seminars, Project Evaluation Committee (PEC) shall evaluate the individual student for 100 marks based on the rubrics prepared for the purpose on date(s) as mentioned in the academic calendar.
- 8.3.8 For evaluation of Field Study, student shall submit the comprehensive report to the department within a week time after the completion of the field study. Two credits shall be awarded to the student who underwent either one spell of field study which has a minimum of ten days duration with at least 8 hrs per day or two spells which have a minimum duration of five days each with at least 8 hrs per day. Based on the Rubrics prepared for the purpose, the report shall be evaluated for 100 marks by a three-

member review committee constituted by the Head of the Department.

- 8.3.9 The semester end examination for courses (7.2.4.3 & 7.2.4.4) under independent learning category shall be evaluated for 100 marks by the faculty expert nominated by the Head of the department. The question paper pattern shall be decided by the faculty expert at the beginning of the course and the same shall be approved by the Head of the department.

8.4 Conditions for Pass

- 8.4.1 A candidate shall be declared “Pass” in individual theory/drawing course if he/she secures a minimum of 50% aggregate marks (continuous evaluation and semester end examination marks put together), subject to a minimum of 45% marks in the semester end examination.
- 8.4.2 For the courses listed under Section 7.2.4, a student shall be declared to have passed if he/she secures a minimum of 50% marks in the semester end examination.
- 8.4.3 A candidate shall be declared to have passed in individual lab/project course, if he/she secures a minimum of 50% aggregate marks (continuous evaluation and semester end examination marks put together), subject to a minimum of 50% marks in the semester end examination.
- 8.4.4 If a candidate fails to secure a pass in foundation courses (Section 7.2.1) and /or programme core courses (Section 7.2.2), it is mandatory that he/she shall register again and reappear for the examination in those courses during subsequent supplementary

examinations and/or examinations conducted at the end of subsequent semesters. After the publication of the results of every semester examinations, a supplementary examination shall be conducted for the benefit of students who have failed in the current semester courses. If a candidate fails to secure a pass in the course(s) covered under Section 7.2.3 to 7.2.5, he/she shall register and reappear for the examination in those courses or register any other course(s) in the respective category in the subsequent semesters.

- 8.4.5 On passing a course of a program, the student shall earn assigned credits for that course.
- 8.4.6 A candidate shall apply for reevaluation of his/her semester end examination answer paper in a theory course, within the stipulated time from the declaration of results, on payment of prescribed fee along with prescribed application to the COE.

9. CRITERIA TO ATTEND SEMESTER END EXAMINATION AND PROMOTION TO HIGHER SEMESTER

9.1 Eligibility for Semester End Examinations

A student shall secure a minimum of 75% attendance in a course in order to attend semester end examination of that particular course. Condonation of shortage in attendance may be recommended by the respective course handling faculty through proper channel on genuine medical grounds/participation in sports/co-curricular activities provided the student puts in at least 65% attendance and provided the Vice Chancellor is satisfied with the genuineness of the reasons and the conduct of the student. Students shall have to pay requisite fee towards condonation.

10. BREAK IN STUDY

- 10.1 A candidate is not normally permitted to temporarily break the study. However, if a candidate intends to temporarily break the programme in the middle for valid reasons (such as accident or hospitalization due to prolonged ill health) and to rejoin the programme, he/she shall apply in advance to the Vice Chancellor through the Dean of the concerned school stating the reasons therefore in any case, not later than ten instruction days after starting of the academic session.
- 10.2 The candidate permitted to rejoin the programme after the break shall be governed by the rules and regulations in force at the time of rejoining.
- 10.3 The duration specified for passing all the courses for the purpose of classification as mentioned in Section 13 shall not be altered by the period of such break of study permitted.
- 10.4 The total period for completion of the programme reckoned from the commencement of the first year to which the candidate was admitted shall not exceed the maximum period specified in Section 4 irrespective of the break of study in order that he/she may be eligible for the award of the degree (as mentioned in Section 13).

11. TRANSITORY REGULATIONS

For transitional students, a Transitional Committee shall be formed consisting of Dean of school and HOD of the department concerned. The committee shall refer to the guidelines of BOS and advise transitional students with regard to their curricula, courses and other requirements for the completion of degree. The decision of the committee shall be placed for ratification before

BOS, Academic Council and BOM. Every such application shall be disposed off by the Dean concerned in 15 days from receipt of application. While rejoining for the degree programme, a transitory student shall follow the same Regulations as those followed by regular students.

12. MIGRATION

The University academic programme offers Choice Based Credit System and transfer of credits. Transfer of credits enables a student to transfer the credit earned by him in one school to another and from one institution to another. This enables a student to migrate mid-stream from other institutions to this University. Thus students from other universities within and outside India can also join programmes of their choice mid-stream subject to eligibility but with facility to transfer the credits earned by such student in the university from which he is migrating.

12.1 Migration from one programme of a school to another within the same school in the university

In case of an application by a student of the University for transfer from the programme of the school in which he has enrolled to another programme in the same school, a Migration Committee consisting of the Dean of the School and the HoD of the transferee Department shall refer to the guidelines of BOS and decide the courses the student would have to complete to qualify to receive a degree from the transferee programme to the condition that the student fulfills the required number of credits for the new programme including those which can be transferred. The decision of the Migration Committee shall be placed for ratification before the BOS, Academic Council and BOM. In each such case a specific order in writing shall be issued by the

Registrar with the approval of the Vice Chancellor and communicated to the student, Dean, HOD of the transferee department, COA, COE and Finance Departments. Every such application shall be disposed off by the Dean concerned in 15 days from receipt of application with prescribed processing fee.

12.2 Migration from any other university in India to Veltech with or without change in programme

In case of an application by a student of any other Indian university for migration into Veltech with or without change in programme of study, a Migration Committee consisting of the Registrar, Dean of the School and the HOD of the transferee Department shall refer to the guidelines of BOS and decide the courses the student would have to complete to qualify to receive a degree from the department to which migration is sought subject to the condition that the student fulfills the required number of credits for the new branch including those which can be transferred. The decision of the Migration Committee shall be placed for ratification before the BOS, Academic Council and BOM. In each such case a specific order in writing shall be issued by the Registrar with the approval of the Vice Chancellor and communicated to the student, Dean, HOD of the transferee department, COA, COE and Finance Departments. Every such application shall be disposed off by the Dean concerned in 15 days from receipt of application with processing fee.

12.3 Migration from any foreign university to Veltech with or without change in programme

In case of an application by a student of any foreign university for migration into Veltech with or without change in programme of study, a Migration Committee consisting of the Vice Chancellor, Registrar, Dean of the School and HOD of the transferee

Department shall refer to the guidelines of BOS and decide the eligibility of the candidate for migration, recognition status of the foreign university with AIU/Washington Accord membership /UGC, Programme / course equivalence , courses the student would have to complete to qualify to receive a degree from the department to which migration is sought for subject to the condition that the student fulfills the required number of credits for new programme including those which can be transferred. The decision of the Foreign University Migration Committee shall be placed for ratification before BOS, Academic Council and BOM. In each such case a specific order in writing shall be issued by the Registrar with the approval of the Vice Chancellor and communicated to the student, Dean of school, HOD of the transferee department, COA, COE and Finance Departments. Every such application shall be disposed off by the Dean concerned in 15 days from receipt of application with processing fee.

12.4 Course work for migration students

Once the respective migration committee has finalized the course work required to be done by the migrant student for a particular programme and he/she has been admitted to, the student shall be permitted to do the courses in his/her pace spread over the balance period of his/her studies in which such courses are offered. While doing so, he may have the option to attend such course(s) by mutual arrangements with the faculty concerned.
