

Semester End Examinations Time Table - JUNE 2023

M.Tech. - All Programmes

REGULAR & ARREAR COURSES

Applicable for 2022 Admitted Batch Only

Duration: 3.00 Hrs

Time - FN : 10.00 am to 01.00 pm

AN : 02.00 pm to 05.00 pm

S.No	Date	Unmanned Aerial Vehicles	Biotechnology (W.S.I.B.)	Environmental Engineering	Structural Engineering	Big Data Analytics	Computer Science and Engineering	Embedded Systems and Technologies	Power Electronics	Information And Cyber Security	Industrial Safety and Engineering	Metallurgical & Material Science
I	22.06.2023 FN	2160MA101 - Applied Mathematics and Statistics	2161BT108 - Genetic Engineering	2160MA101 - Applied Mathematics and Statistics	2160MA101 - Applied Mathematics and Statistics	2160MA103 - Probability and Statistics	2160MA103 - Probability and Statistics	2160MA101 - Applied Mathematics and Statistics	2160MA101 - Applied Mathematics and Statistics	2160MA103 - Probability and Statistics	2160MA103 - Probability and Statistics	2160MA103 - Probability and Statistics
2	22.06.2023 AN	-	-	2161CE106 - Environmental Chemistry	2161CE101 - Structural Dynamics	2161CS130 - Parallel Computer Architecture	-	-	-	-	2161ME133 - Occupational Health and Industrial Hygiene	2162ME102 - Non-Destructive Evaluation
3	23.06.2023 FN	2161AE112 - Electronic Devices and Circuits	-	2161CE108 - Transport of water and wastewater	2161CE118 - Design of Advanced Concrete Structures	2161CS211 - Software Engineering Principles and Practices	2161CS211 - Software Engineering Principles and Practices	-	2161EE113 - Solid State AC Drivers	2161IT109 - Modern Number Theory	2161ME137 - Computer Aided Hazard Analysis	2161ME165 - Smart Materials
4	24.06.2023 FN	2161AE113 - Aircraft Navigation, Guidance and Control	2161BT109 - Immunology	2161CE109 - Design of Physico-Chemical Treatment systems	2161CE119 - Steel Structures by Limit State Approach	2161CS218 - Advanced Computer Network	2161CS218 - Advanced Computer Network	2161EC108 - Embedded Control Systems	2161EE103 - Modelling and Analysis of Electrical Machines	2161IT112 - Cloud Computing	2161ME167 - Electrical Safety	2161ME103 - Mechanical Behaviour of Materials
5	25.06.2023 FN	2161AE115 - Advance Aerodynamics	-	2163MG401 - Research Methodology	2163MG401 - Research Methodology	2163MG401 - Research Methodology	2163MG401 - Research Methodology	2161EC102 - DSP Processor and Architecture	2163MG401 - Research Methodology	2162IT122 - Intrusion Detection Systems	2163MG401 - Research Methodology	2162ME105 - Selection of Materials For Design
6	26.06.2023 FN	-	2161BT112 - Bioreactor operations	2162CE109 - Rural Water Supply and On-Site Sanitation	2162CE101 - Smart Structures and Applications	2161CS217 - Advanced Data Base Management Systems	2161CS217 - Advanced Data Base Management Systems	-	-	-	2161ME132 - Principles of Safety Management	2162ME110 - Advanced Additive Manufacturing
7	26.06.2023 AN	-	-	2161CE111 - Air Pollution Control Engineering	2161CE102 - Pre-stressed Concrete Structures	-	-	-	-	-	-	2161ME166 - High Temperature Materials
8	26.06.2023 FN	-	-	2162CE104 - Membrane Technologies for water and wastewater treatment	2162CE108 - Industrial Structures	-	-	-	-	-	-	-
9	28.06.2023 FN	-	2161BT111 - Downstream processing in Biotechnology	2161CE107 - Environmental Microbiology	2161CE103 - Advanced Concrete Technology	2161CS210 - Modern Operating Systems	2161CS210 - Modern Operating Systems	-	-	-	-	-
10	30.06.2023 FN	2161AE117 - Aircraft Structural Mechanics	2161BT110 - Bioprocess Engineering and Technology	2161CE110 - Design of Biological Treatment Systems	2161CE122 - Seismic design of structures	2161CS140 - Artificial Intelligence	2161CS140 - Artificial Intelligence	-	2161EE119 - Control and Instrumentation of Power	2161IT114 - Principles of Information Security	2161ME168 - Safety in Process Industries	-
II	01.07.2023 FN	2161AE118 - Introduction to Unmanned Aircraft Systems	-	2161CE112 - Industrial wastewater Pollution-Prevention and Control	2162CE106 - Maintenance and Rehabilitation of Structures	2162CS201 - Foundation of Data Science	2162CS201 - Foundation of Data Science	2161EC207 - Embedded Linux and Device Drivers	2161EE118 - Advanced Electrical Drives	2161IT115 - Cyber Security Principles	2162ME153 - Safety in On and Offshore Drilling	2162ME101 - Polymers and Composite Materials
12	02.07.2023 FN	2162AE139 - Linear Control Systems	2161BT113 - Computational Biology	2163GE401 - Business Communication and Technical Writing	2163GE401 - Business Communication and Technical Writing	2163GE401 - Business Communication and Technical Writing	2163GE401 - Business Communication and Technical Writing	2161EC122 - System on Chip Architecture	-	2162IT123 - Cyber Crimes and Laws	2162ME155 - Occupational Health and Environmental Management System Standards	2161ME105 - Heat Treatment of Ferrous and Nonferrous Alloys
