Email :	ajaykumar.awad@gmail.com,
Mobile :	8982524608
Designation :	Senior Specialist. Quality Engg.
Organization Details & Address	LTI MINDTREE
Programme :	
Department/School :	

S. No.	Particulars	Responses
1	How do you rate our curriculum readiness level with respect to present and future needs of your industry?	Extremely High / High / Moderate / Low / Extreme Low
2	How do you rate our curriculum with respect to students' motivation in innovation?	Extremely High / High / Moderate / Low / Extreme Low
4	How do you rate the contents relevant to critical thinking in the curriculum?	Extremely High / High / Moderate / Low / Extreme Low
4	How do you rate the contents relevant to problem-solving abilities in the curriculum?	Extremely High / High / Moderate / Low / Extreme Low
4	How do you rate the contents relevant to design thinking in the curriculum?	Extremely High / High / Moderate / Low / Extreme Low
5	How do you rate the soft skill components provided in the curriculum?	Extremely High / High / Moderate / Low / Extreme Low
6	How can we improve the practical or experiential learning aspects of our program?	Increase pratical sessions.
7	Can you recommend to add a few interdisciplinary courses based on the future technology?	Prompt engineer in LLM
7	Can you recommend to add a few multi-disciplinary courses based on the emerging technology?	AI, ML
8	Can you recommend to add a few more entrepreneurship courses into our existing curriculum?	Financial courses, Personality development
9	Willingness of Industry mentors and experts in the academic bodies such as Board of studies?	Yes / No

Any Other Comment: Block-chain technology

Course structure is good and need to implement it with practical examples.
