**Students Feedback on Curriculum 2024-2025 Summer Semester**

The students are the most important stakeholders of B. Tech Artificial Intelligence and Data Science Programme. In the academic year 2024-2025, suggestions collected in the form of structured feedback from B. Tech AI&DS students. The feedback from students on the curriculum has been received, and the key suggestions are summarized below:

1. Integrate real-time projects into the curriculum for applicable courses to provide hands-on experience.
2. Offer targeted training sessions for specific programming languages relevant to the industry.
3. Recommend courses focused on developing job-related skills to enhance employability.
4. Introduce a course on Knowledge Representation and Expert Systems to educate students on AI technologies.

The following questions are given to the students about feedback on curriculum and the response is mentioned in the below graph:

Q1	How do you rate the curriculum offered in relation to the Technological advancements?
Q2	How do you rate the syllabus in related to the needs of industry/society?
Q3	How do you rate the relevance of the courses for providing employability?
Q4	Did the course curriculum intellectually motivate you?
Q5	Was the course curriculum fulfilling your expectations?
Q6	How much has your experience at this curriculum contributed to your job-related knowledge and skills?

Q7	Does the syllabus create any interest to pursue post-graduation/research in the particular subject?
Q8	Were reading material and references regarding curriculum / subject easily found?
Q9	How do you rate the objectives stated for each of the courses
Q10	How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the courses?

The above feedback analysis, students given 3.95/4 rating for Q5 i.e., was the course curriculum fulfilling your expectations. Students are highly satisfied with the curriculum offered in relation to the Technological advancements (3.98/4) and the ratings for the syllabus in related to the needs of industry/society (Q2) and the syllabus of the courses that you have studied in relation to the competencies expected out of the courses (Q10) are (3.92/4), also rated the relevance of the courses for providing employability (3.93/4).

Action Taken: Academic Year 2024-2025 Summer Semester Curriculum Feedback

Based on the student feedback analysis few courses were introduced and some courses were revised in the curriculum under various category:

SNO	COURSE NAME	CATEGORY	BOS REFERENCE
1	Expert Systems	Program Elective	7th BOS-13.12.2024
2	Robotics and Automation	Program Elective	7th BOS-13.12.2024
3	Human Computer Interaction	Program Elective	7th BOS-13.12.2024
